About LUX

LUX – An Orchestra Like No Other!

Bold. Dramatic. Visionary. LUX orchestra initiative is an explosion of light, sound and music. Founded by conductor and composer Brent Chancellor, LUX presents a new vision for classical music specifically aimed at inspiring young audiences. LUX merges high energy performance, light-shows, projections and amplification in a disruption of traditional performance etiquette to introduce students to the orchestra in a uniquely engaging way.

In a spectacle of light featuring electronic music mash-ups and pop-inspired performance art, rising-star musicians and internationally renowned soloists perform the world's most dramatic music in radical style. This is the new classical.

OUTREACH

LUX offers a unique educational outreach experience that introduces classical repertoire in a non-traditional format alongside the music of artists like Beastie Boys, Bjork, Desiigner and Skrillex. By pairing renowned orchestral composers with the most popular artists of our time, LUX creates the opportunity for young people to connect musically with the past via the present.

LUX promotes diversity and equity through the creation of an orchestra of inclusion:

- Exposing youth to classical music in thrilling concert
- Encouraging tolerance, acceptance and belonging
- Promoting positive self-image and individuality
- Highlighting dedication and accomplishment
